### President's Message

By Erik Rosengren

Fellow Members,

The year-end judging was concluded without a hitch. From my perspective, the images, in general, have been getting better in the last three years. That means that the seasoned members must be more proficient at their craft and many of the new members are adding their photographic talents to the mix as well.

There is one area of concern, our digital projector. Some of the EID images are washed out while others may not show the detail in the shadows that appears on your monitor. Even though we are all on the same playing field at this time it is difficult for one to feel good about an image that the maker thought was of competition quality.

The Board is addressing this issue. We will keep you informed as progress is made.

Good shooting — Erik

Longtime club stalwart Roger Schwartzberg, along with other members of his popular band, "Delusions of Grandeur," entertain patrons at a local nightclub on a recent Saturday night. Roger is in the background, on the keyboard.
